Academic information							
Study programmes	<a href="#">Exchange programmes cluster Technology</a>						
	<p><b>Fall semester 2022</b></p> <table> <tr> <td>Deadline for application</td><td>15 May 2022</td></tr> <tr> <td>Introduction</td><td>22 - 27 Aug 2022</td></tr> <tr> <td>Lectures and exams</td><td>29 Aug – 6 Feb 2023</td></tr> </table>	Deadline for application	15 May 2022	Introduction	22 - 27 Aug 2022	Lectures and exams	29 Aug – 6 Feb 2023
Deadline for application	15 May 2022						
Introduction	22 - 27 Aug 2022						
Lectures and exams	29 Aug – 6 Feb 2023						
Deadline	Partner universities need to send the nominations to <a href="mailto:fhictexchange@fontys.nl">fhictexchange@fontys.nl</a> before 15 May to give students enough time before the deadline of application.						
Exams and retakes	<p><b>Exams:</b> Exchange students have the right to do at least 1 exam for each course on their learning agreement. The dates of the exams differ per programme. The schedule of the exact dates will be published timely on our portal.</p> <p><b>Retakes:</b> Students may partake in a retake, but do not have the right to. Most retakes take place at the end of the semester. FHTenL does not send exams/retakes to exchange students. No alternative assignments will be offered. If regular retakes are scheduled before the departure date, students are allowed to sit in on those retakes. If students want to return to sit on a retake then that is allowed as well.</p>						
Teaching Language	English						

ECTS	A student's workload is measured in ECTS credits (European Credits Transfer System). According to Dutch law, one credit represents 28 hours of work and 60 credits represents one year of full-time study. The grading system used in the Netherlands is on a scale from 1 (very poor) to 10 (outstanding).
Requirements	Different per programme so check the requested programme on  <a href="#">Exchange programmes cluster Technology</a>
<b>Additional</b>	
Fontys way of studying	At Fontys you study in various ways. In practical lectures you work independently or with a project team on your assignments. The campus offers a wide array of facilities to study alone or with a group. During the whole study programme you will work in projects, a method which will stimulate a hands on, independent way of working. At Fontys we believe in interaction. We like it when you ask questions during lectures and also outside lectures we are there for you.
Tuition fees	Students of partner universities do not pay tuition fees, as a student from a non-partner university you will need to pay 75 Euro per ECTS.
Costs of living	The average living expenses per month for a foreign student living and studying in Holland are approx EUR 900 per month. These living expenses cover rent, insurance, food, public transportation, books, clothing and other general costs.
Accommodation	We advise students to rent Fontys arranged accommodation (dormitory nearby campus) but it is possible for students to arrange their own accommodation. If a student would like to reserve a room they can do this by filling out the accommodation form which will be provided during the online application. Monthly rent will be between 400-450 euro.
Visa	Required for all non-EU students, Fontys will apply for this and provide all the information timely.
Insurance	Recommended for all exchange students (information will be provided through the online application system) but mandatory for all non-EU students who will receive this information during the visa application.
Study Abroad Fair	Every year we organise a Study Abroad Fair for our students in October. We appreciate to receive information from our partners to use at the fair and the help from our incoming students from our partner universities.
