## Class Divisions

Curious about who would be in your class? If you complete your registration, in mid-August you will receive your definite class divisions. Every class will receive a study guide (mentor) and in this video you can meet the mentors of the 1st year.

## Important For Introduction

We are so excited to be able to meet everyone at the introduction week. For this to be a successful event, we do need some information from you. We ask that you provide this information to us **before July 26th, 2021 even if you are unsure about your attendance**. Special passes are being created to grant you access to the events throughout the introduction. However, these passes must be created over the next month and there can be no last minute additions. If you decide after submission of this form that you will NOT be attending, your information will be permanently removed from our database. In this case, please contact Bharat Motiyani at [b.motiyani@fontys.nl](mailto:b.motiyani@fontys.nl)
